Journal Publications (Peer Reviewed)

- [1] **Bianchi, F.**, Bartolucci, F., Peluso, S., & Mira, A. (2020). Longitudinal Networks of Dyadic Relations Using Latent Trajectories: Evidence from the European Interbank Market. Paper published in the *Journal of the Royal Statistical Society: Series C (Applied Statistics)*. DOI: 10.1111/rssc.12413.

Journal Publications (Under Review)

- [1] **Bianchi, F.**, & Lomi, A. (2020). From Ties to Events in the Analysis of Interorganizational Relations. R&R recommendation in *Organizational Research Methods*.
- [2] **Lomi, A.**, & Bianchi, F. (2020). Givers Will Be Takers: When and Where? Paper accepted for publication in *Social Networks* special issue on *Networks Ecology: Bringing in Context(s)*.
- [3] **Bianchi, F.**, Stivala A., & Lomi, A. (2020). The Temporal Structure of Network Structure. Paper under review in *Methodological Innovations*.

Working Papers

- [1] **Bianchi, F.** & Lomi, A. (2021). The Rise and the Decline of a Market: The case of the electronic Market for Interbank Deposit (e-MID). Target journal: *American Sociological Review*.
- [2] **Bianchi, F.**, Tessone C.J., & Lomi, A. (2020). Detecting Nestedness in Financial Networks: A study on the European Interbank Market. Target journal: *PLoS ONE*.
- [3] **Bianchi F.**, Tranmer, M., Liddell D., & McCann M. (2021). COVID Related Disruption to Formal and Informal Networks of People who Use Substances or Treatment Service: Exploring the Cross-classified Multilevel Structure of Multiple Egonets. Target journal: –.

Contributed Presentations

- [1] **Bianchi, F.** (2021). The Rise and the Decline of a Market: The case of the electronic Market for Interbank Deposit (e-MID). Paper accepted for oral presentation to the 5th

- European Conference on Social Networks (EUSN), September 7–10, 2021, Naples, Italy.
- [2] **Bianchi, F.** & Lomi, A. (2021). Time to Give and Time to Receive: Role Switching and Generalized Exchange in a Financial Market . Paper accepted for oral presentation to the Academy of Management Conference, Organization and Management Theory division, July 29–August 4, 2021, USA.
 - [3] **Bianchi F.**, Tranmer, M., Liddell D., & McCann M. (2021). COVID Related Disruption to Formal and Informal Networks of People who Use Substances or Treatment Service: Exploring the Cross-classified Multilevel Structure of Multiple Egonets. Paper accepted for oral presentation to the Networks 2021: A Joint Sunbelt and NetSci conference, July 6–11, 2021, Washington DC, USA.
 - [4] **Bianchi, F.** & Lomi, A. (2021). The Effects of Uncertainty on Market Exchange: The Case of the European Interbank Market . Paper accepted for oral presentation to the V SISEC Conference, La Social Network Analysis come strumento per la comprensione delle attuali trasformazioni socio-economiche, June 9–12, 2021, Catania, Italy.
 - [5] **Bianchi, F.** & Lomi, A. (2019). A Relational Event Framework for the Analysis of Interorganizational Networks: An Application to the European Interbank Market. Paper accepted for oral presentation to the Academy of Management Conference, Research Methods division, August 9–13, 2019, Boston, USA.
 - [6] **Bianchi, F.**, Stadtfeld, C., & Lomi, A. (2018). Money Talks: An Empirical Study on the Conversational Structure of Financial Markets. Paper presented at the XXXVIII Sunbelt Conference of the International Network for Social Network Analysis (INSNA), June 26–July 1, 2018, Utrecht, The Netherlands, and at the 4th International Conference on Computational Social Sciences (IC2S2) 2018, July 12–15, 2018, Evanston, USA.
 - [7] **Bianchi, F.** (2018). Reciprocation as a Foundation of Financial Markets: Results from a Study on the European Interbank Market. Invited talk at the THE PIIK: 2nd Symposium on Network Science, March 13, 2018, University of Zurich, Switzerland.
 - [8] **Bianchi, F.** & Lomi, A. (2017). Financial Markets as Relational Evolving Systems: Models and Preliminary Results From a Study of the European Interbank Market. Paper presented at the 3rd European Conference on Social Networks (EUSN), September 26–29, 2017, Mainz, Germany.
 - [9] **Bianchi, F.** & Lomi, A. (2017). Market Uncertainty and the Network Structure of Transaction Sequences in the European Interbank Money Market. Paper presented at the XXXVII Sunbelt Conference of the International Network for Social Network Analysis (INSNA), May 30–June 4, 2017, Beijing, China, and at the 3rd International Conference on Computational Social Sciences (IC2S2) 2017, July 11–13, 2017, Cologne, Germany.
 - [10] **Bianchi, F.**, Zappa, P., & Lomi, A. (2016). The Micro-Relational Structure of Markets. Modeling Transaction Sequences in the European Interbank Money Market. Paper accepted for oral presentation at the XXXVI Sunbelt Conference of the International Network for Social Network Analysis (INSNA), April 7–10, 2016, Newport Beach, USA, and presented at the 32nd EGOS Colloquium, July 7–9, 2016, Naples, Italy.

- [11] **Bianchi, F.** & Kypraios, E. (2015). Social Networks Through Conversational Analysis and Text Mining in Pursuit of the Dynamics of Social Status. Paper accepted for oral presentation at the 31st EGOS Colloquium July 2–4, 2015, Athens, Greece,.

Posters

- [1] **Bianchi, F.** & Mira, A. (2019). Exploring Patterns of Connectivity in Time-Stamped Network Data. Poster presented at the 12th IBS-Italian Region conference, July 7–10, 2019, Naples, Italy.

Last update, July 7, 2021.
